

DEDICATED DAIRY SUPPORT PROGRAM

Developed by Agriculture Victoria & AgBiz Assist to help dairy farmers

Are you a Northern Victorian Dairy Farmer looking for FREE expert support to help you make some important business decisions on the most financially viable future for your business?

- Worried about the high costs of dairying?
- Interested in expanding or scaling back your operation?
- Thinking about exiting or transitioning from the industry?
- Need help with financial analysis and budgeting?

Call **1300 834 775** to set up a face to face, over the phone or video meeting with our Farm Business Specialist Jim Moll who can assist you to develop your own transition plan and make it happen as smoothly as possible by providing:

- A starting point for the conversation about planning your future
- Assessment and viability of alternative farm business options
- Independent, free and confidential assistance
- Referral and financial support through vouchers, to other specialist industry support services such as farm consultants, legal practitioners, succession planners and accountants, for eligible clients who fulfil program requirements

Act today and join more than 30 other regional dairy farm businesses that have already taken advantage of this currently available program and remember, that this service is free and includes, if necessary, multiple consultations for all Northern Victorian Dairy Farmers who are evaluating their future in the dairy industry.
